OUTDOOR SHOWERS

Resort style living

THE OUTDOOR SHOWER SPECIALISTS

ABOUT RAINWARE

Rainware began in 2004 and since then, has become the market leader in manufacturing and providing high quality outdoor showers to Australian homes and resorts. Uniquely and proudly 100% Australian, the showers are designed and manufactured on the Sunshine Coast in Queensland.

Company Director, Steve Gowlett, has worked in the plumbing industry for most of his life and has developed an innovative system to supply hot and cold water to fit into his sleek, elegant outdoor showers.

Rainware's Commercial range also provides showering solutions for beaches, resorts and the mining industry. Rainware showers can be spotted along Australia's coasts, in many resorts and popular beach areas.

By investing in a Rainware shower you will add value and elegance to your outdoor living and become part of the Rainware family.

RAINWARE HAS A RANGE OF SHOWERS FOR YOUR OUTDOOR LIVING SPACE WHICH WILL COMPLEMENT BOTH THE ARCHITECTURAL LINES OF MODERN POOLS AND THE ELEGANT CURVES OF FREEFORM POOLS. AN OUTDOOR SHOWER CAN BECOME A FEATURE IN YOUR GARDEN OR VERANDA AREA OR COMPLETE AN OUTDOOR LIVING SPACE.

WATERAID AUSTRALIA

CORPORATE PARTNER

Rainware is a proud WaterAid Australia Corporate Partner. WaterAid transforms the lives of the poorest and most marginalised people in developing countries by improving access to safe water, sanitation and hygiene.

DID YOU KNOW:

- **Over 650 million** people live without safe water.
- **2.3 billion** people don't have access to adequate sanitation, one in three of the world's population.
- Around **315,000 children under-five die every year** from diarrhoeal diseases caused by dirty water and poor sanitation. That's **900 children per day**.

By working with WaterAid, we can improve the quality of life for those who don't have access to something that many of us take for granted in our everyday lives. We donate to WaterAid annually and promote their fantastic work. By supporting Rainware you are supporting WaterAid too.

For more information on our partnership please visit our website or visit www.wateraid.org/au

OUR WARRANTY DIFFERENCE

Uniquely, Rainware offers exclusive Outdoor Warranties on all products, featuring an Unlimited Lifetime warranty on our Rainware signature shower rose and a 10 year outdoor warranty on the majority of product lines throughout the range. Each Rainware shower is designed and hand crafted by us, from high quality certified materials and all product ranges proudly carry the Australian Made logo.

We stand by our products so you know when you invest in a Rainware shower you can be guaranteed some of those parts might outlive even us. Now that's a legacy to leave! Please see the relevant guarantees on each product page.

We also comply with the Government Water Efficiently Labeling and Standards (WELS) and hold the highest 3 star rating for water efficiency. All Rainware products comply with this rating.

We also offer a replacement parts service, as every shower has working parts that wear. For example, washers may require replacement from time to time, depending on usage. To ensure that your Rainware shower is always in tiptop condition, we will replace your wear parts for a small parts and postage fee. This ensures that you always get the right parts and your shower will last a lifetime.

We are proud to be a member of the Australian Made campaign

All our products comply with WELS 3 star rating. All our domestic showers provide 9 litres per minute and our commercial provides 6 litres per minute.

▶ NOOSA

WHY CHOOSE THE NOOSA?

The Noosa freestanding shower is a timeless design to reflect the beauty of your outdoor living space. The 'original' Rainware shower stands the test of time as it harmonises with the contours of tropical pool styles or the clean architectural lines can add curves and style to your contemporary outdoor area. The round base of the Noosa enables the shower to be angled to suit the location and enhance surroundings. Luxuriously simple, practical and durable the Noosa inspires your resort style living.

▶ AUSSIE

WHY CHOOSE THE AUSSIE?

The Aussie shower range has the same features as our Suncoast range, with the exception of a powder coated marine grade aluminium construction, for those looking for a more economical option for their outdoor space. Whether it's the wall mounted or free standing option, the shower takes up very little space so you can easily shower off after a swim at the beach, in the pool, or mowing the lawn. The Aussie offers practical simplicity and Resort Style living that is good for the environment and doesn't cost the earth.

AUSSIE FEATURES:

- ▶ Powder Coated marine grade aluminium tube – choice of colours below
- ▶ Certified 316 marine grade stainless steel rose & tapware
- ▶ Water saving shower rose, WELS 3 Star, 9L/min
- ▶ Dimensions are 80 x 40 x 2mtr
- ▶ Standard bottom inlet plumbing
- ▶ Available in Hot & Cold or Cold only & optional foot wash (hosecock)
- ▶ Upgrade to stainless steel foot wash available
- ▶ Option to add the Castaway handheld shower hose (See page 13)
- ▶ Bolts flush to wall or offered as free standing with square base plate

► BRIBIE

WHY CHOOSE THE BRIBIE?

The Bribie enables you to upgrade your standard garden tap to something more special and useful. This 'retro fit solution' is a great way to install an outdoor shower as you can replace an existing garden tap (instead of fitting a new one) with a Bribie. The angle of the shower head is easily adjusted due to the metal ball joint design. The tubing is fully adjustable so your shower can be at your perfect height and taps can be the exact width for your needs. The Bribie complements coastal style living and is a popular choice for renovators, keen gardeners and existing pool owners. Create your own individual resort style living wherever you may be.

BRIBIE FEATURES:

- Certified 316 marine grade stainless steel tube
- Chrome Brass tapware. 100mm chrome rose with ball joint
- Water saving shower rose, WELS 3 Star, 9L/min
- Available in Hot & Cold, Cold only or Cold with garden tap (foot wash)
- Cold only showers ideal for retro fit to existing garden tap
- Hot & Cold shower ideal for use with double screwed outlets
- Adjustable height and width for easy installation

► MARENGO

WHY CHOOSE THE MARENGO?

Shower yourself in luxury whilst standing under a cascade of water from our latest Rainware rose. Truly elegant, the Marengo offers a contemporary wall mounted design which complements the natural beauty of the outdoors. The 250mm rose offers the largest spray pattern of all our showers, delivering a generous cascade of water whilst still maintaining water saving efficiencies.

This stylish outdoor rose is made from stainless steel and highly durable UV stabilised acetal, both of which, are made to last. The black acetal is featured throughout the range and complements the stainless steel satin finish of the taps and rose. Turn on the tap and be prepared to enjoy your own personal waterfall. Enjoy the Marengo, where showering is taken to a whole new level.

MARENGO FEATURES:

- Certified 316 marine grade stainless steel rose and tapware - satin finish
- Matt Black UV stabilised acetal rose face @ 250mm diameter
- Water saving shower rose, generous 200mm spray pattern, WELS 3 Star, 9L/min
- Recommended height for mounting rose 2100mm from ground level
- Integrated design for internal wall combinations
- Supplied with stainless steel cover plates
- Hot & Cold mixer tap
- Optional footwash
- Option to add the Castaway handheld shower hose (See page 13)

► COMMERCIAL

WHY CHOOSE THE COMMERCIAL RANGE?

Our commercial range is suitable for many locations including beaches, resorts, picnic areas, public swimming pools, communal residential areas and mining sites.

The commercial range benefits from a 6mm thick base, double welded onto structural stainless steel tube, proven to endure bad weather events.

Choose between 1 and 4 roses, each individually operable without losing pressure. One touch time flow automatic tapware, means no holding on and no turning off thus saving water and being more environmentally sustainable.

Contact us for details of our full commercial range.

COMMERCIAL RANGE FEATURES:

- Certified 316 marine grade stainless steel tube and tapware
- Water saving shower rose, WELS 3 Star, 6L/min
- 2 metres high. Tube size varies according to product
- Cold water
- Optional water saving foot wash, WELS 3 Star, 6L/min
- Time Flow Tapware with auto shut off (approx 30 secs)
- Vandal resistant features
- Standard bottom inlet plumbing – modifications available upon request
- Wall mounted (one person) or freestanding (1-4 person) options
- Hot water options are possible. Please call to discuss.
- Cyclone and Flood resistant features.

COMMERCIAL RANGE

▶ TAPWARE & ROSES

The Rainware tapware collection is specifically designed for outdoor use. Created simply to meet the high demand for outdoor tapware, it answers the call from consumers searching for high quality, weather resistant products. By offering taps separately, it allows for freedom to design your indoor and outdoor areas with the confidence you are using the Rainware unique design for quality and longevity.

Whether you are changing old and corroding fittings, adding a foot wash to your garden, refurbishing existing showers or upgrading to matching tapware around the house, you can be sure our tapware will last for generations. Comes with standard fittings and can be used indoors as well as outdoors.

TAPWARE AND ROSE FEATURES:

- ▶ Certified 316 marine grade stainless steel
- ▶ Petite design with brushed satin finish
- ▶ WELS 3 Star, 9L/min (water saving shower rose)
- ▶ Hot & Cold wallstop pair or Single Cold tap only
- ▶ Available in Tapware or Mixer shower sets
- ▶ Standard fittings for Indoor showers
- ▶ Integrated design for internal wall combinations
- ▶ Supplied with stainless steel backing plates
- ▶ 8002 shower rose 6L/min available upon request

► MIAMI AL FRESCO BATH FILL

WHY CHOOSE THE MIAMI AL FRESCO BATH FILL?

If you have ever dreamed of lying in an outdoor bath looking up at the night sky or relaxing under the shade of a tree, then the freestanding Miami Al Fresco Bath Fill is for you. Elegant, modern and beautifully designed, the extended height and long reach of the bath spout enables you to fill the deepest of baths for that ultimate soak.

Offering a mixer tap to control the temperature and the option to add the Castaway hand held hose.

MIAMI AL FRESCO BATH FILL FEATURES:

- Certified 316 marine grade stainless steel tube and tapware
- Unrestricted flow outlet
- 900mm high x 350mm reach
- Floor mounted with stainless steel button head dynabolts (supplied)
- Standard bottom inlet plumbing
- Hot & Cold mixer tap
- Option to add the Castaway handheld shower hose

► CASTAWAY HAND SHOWER

WHY CHOOSE THE CASTAWAY HAND SHOWER?

Exclusive to Rainware, the Castaway Handheld is an accessory designed to be used in conjunction with the majority of Rainware showers. This product can also be adapted with a Rainware stainless steel outlet for use as a standalone, wall mounted hand shower.

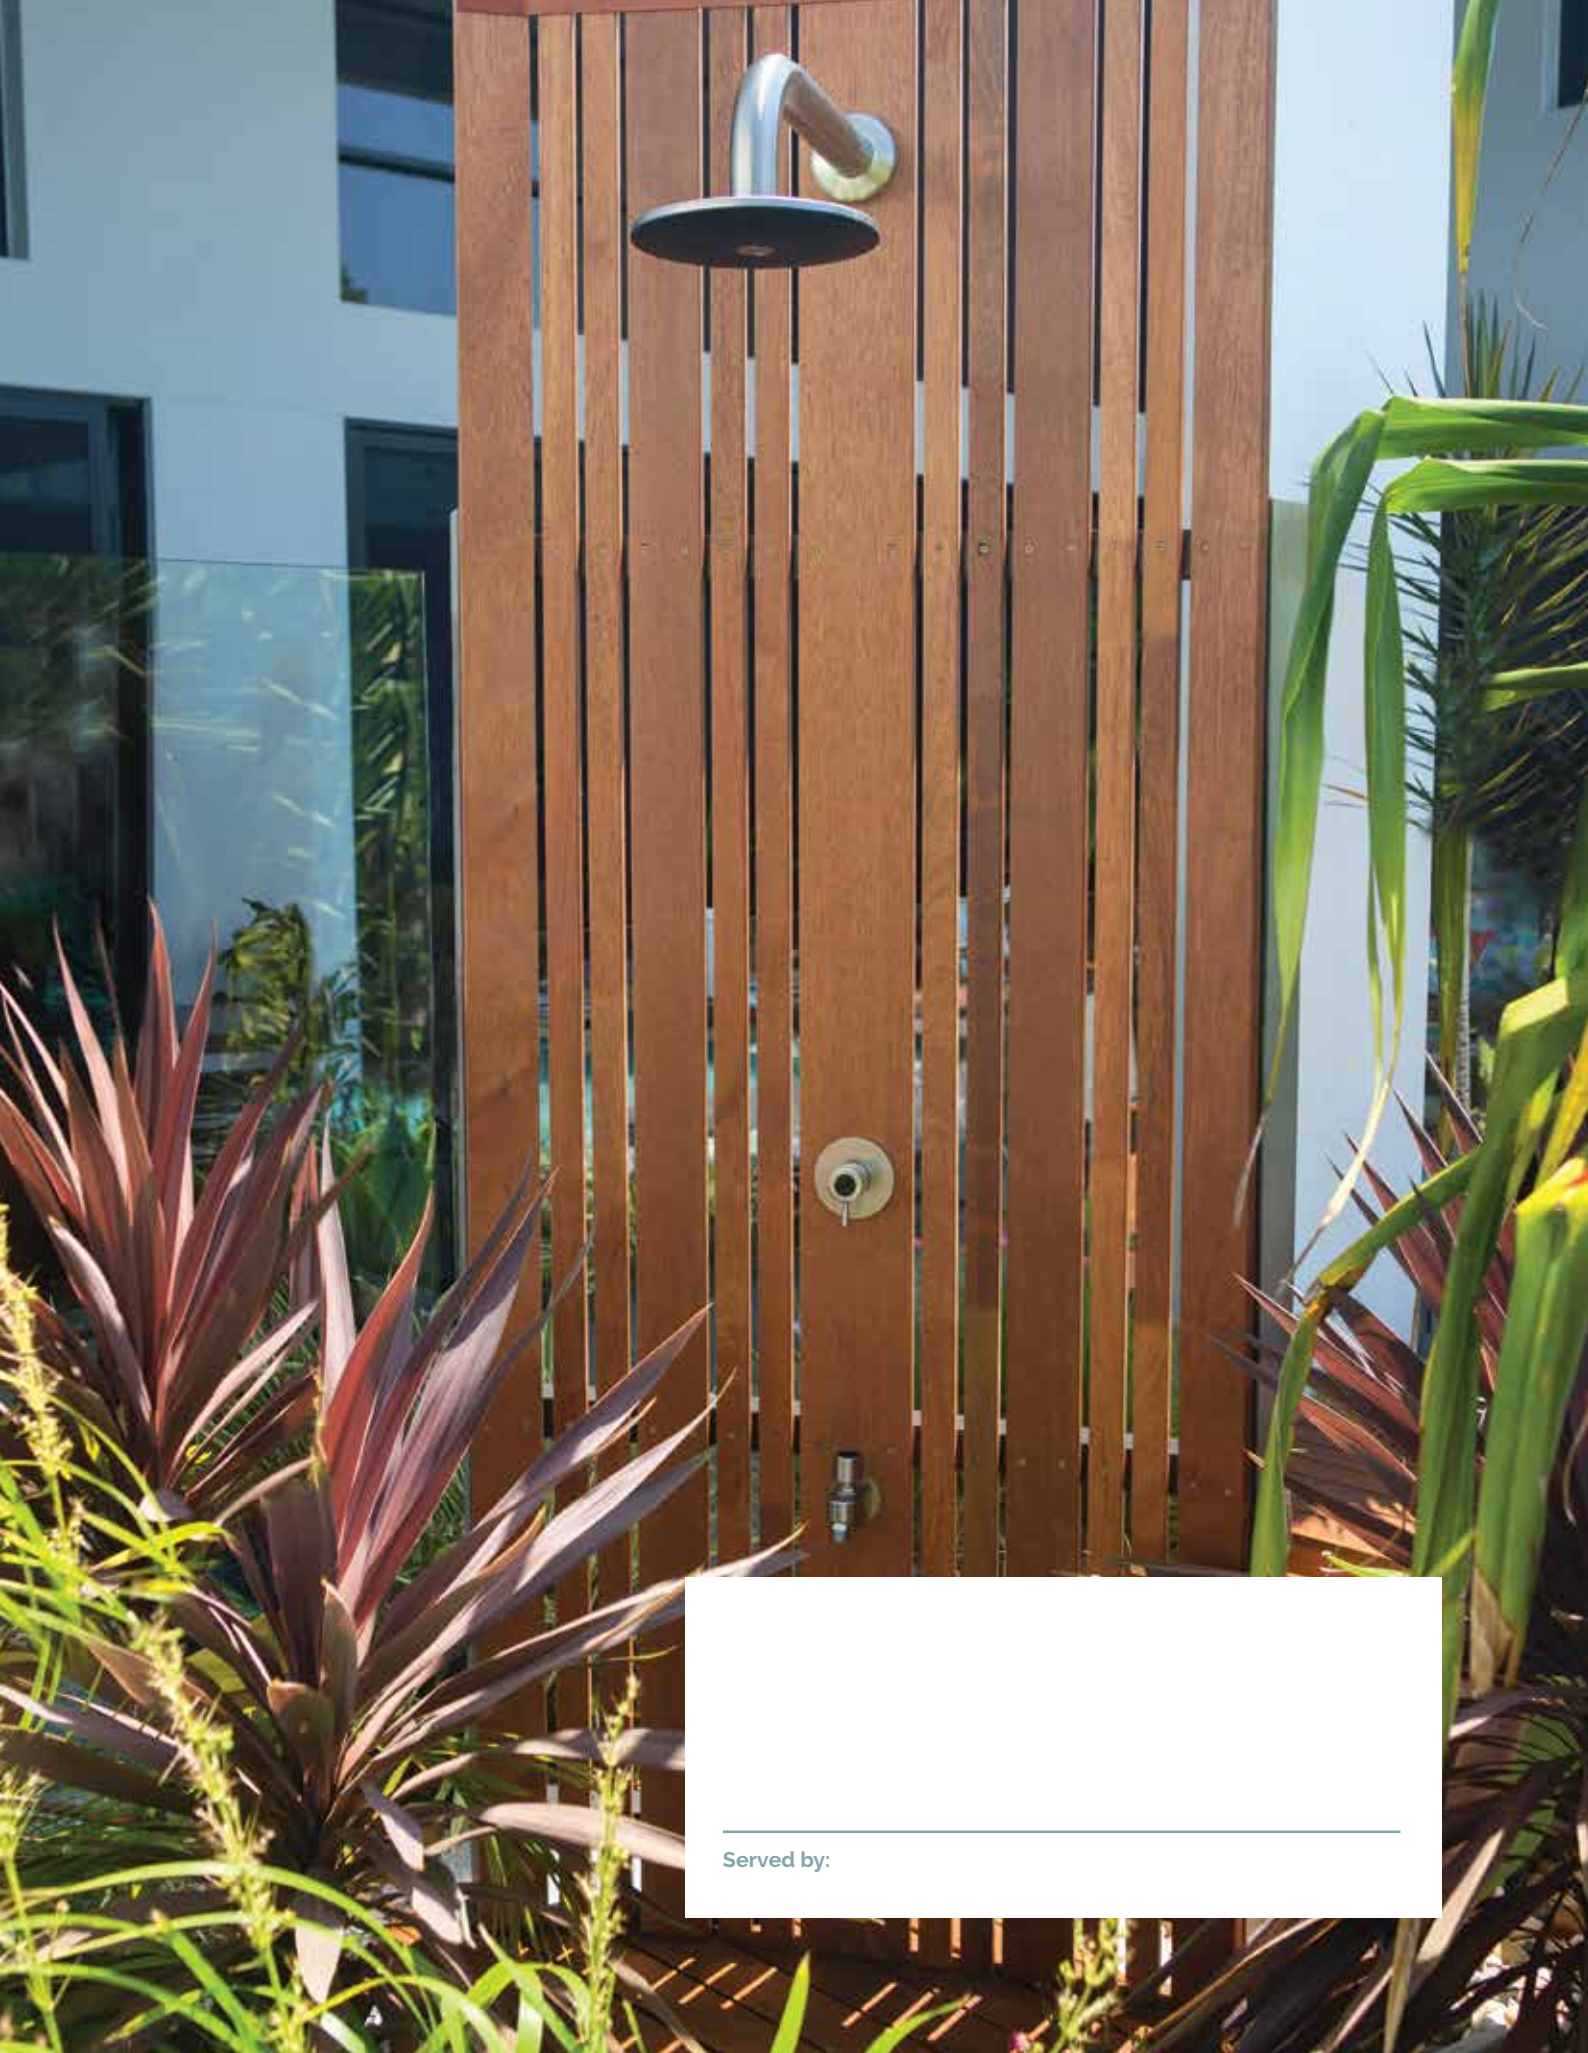

Made from stainless steel and acetal, the sleek design of the handheld delivers a vigorous spray pattern, ideal for washing off stubborn beach sand from your surfboard, dog or yourself.

The lightweight hose gives you the flexibility to wash down items away from the main shower spray directing the spray and mess elsewhere. Compatible with Suncoast, Noosa, Aussie and Miami Al Fresco Bath Fill.

CASTAWAY HAND SHOWER FEATURES:

- Certified 316 marine grade stainless steel handle
- Matt Black UV stabilized acetal rose face and claw bracket
- Hot & Cold or Cold only
- Water saving shower rose, single spray pattern, WELS 3 Star, 9L/min
- Integrated design for internal wall combinations. Vigorous, full bodied spray
- Pre-fitted, back flow non-return valves. 1.5 metre shower hose
